This newsletter outlines the activities conducted in the month of May 2020 as per our respective programs.

UPDATES:
Since 18th of march this year 2020 our Formal Education Program stopped its operations for a while due to the COVID-19 pandemic and over 170 children benefiting in free formal primary education at our school called Graben Junior Academy—Shima Campus were sent home.

The rest of our programs also were put on a hold for a while since the implementation involves beneficiaries to meet, one on one mentorship, enterprise and home visits. In order to abide with ministry of health measures of keeping social distance during this COVID-19 period we put all the programs activities on hold up to 8th/06/2020.
